My Academy team at Cognizant want to create a dashboard containing the details of ongoing and completed cohorts. A react application is created which displays the detail of the cohorts using react component. You are assigned the task of styling these react components.

- 1. Unzip the react application in a folder
- 2. Open command prompt and switch to the react application folder
- 3. Open the application using VS Code
- 4. Create a new CSS Module in a file called "CohortDetails.module.css"

CohortDetails.module.css

```
.box{
  width: 300px;
  display: inline-block;
  margin: 10px;
  padding: 10px 20px;
  border: 1px solid balck;
  border-radius: 10px;
  vertical-align: top;
}
dt{
  font-weight: 500;
}
```

- 5. Open the cohort details component and import the CSS Module
- 6. Apply the box class to the container div
- 7. Define the style for <h3> element to use "green" color font when cohort status is "ongoing" and "blue" color in all other scenarios.

CohortDetails.js import React from 'react';

```
import styles from './CohortDetails.module.css';
function CohortDetails({cohort}){
  const{name,startedOn,status,coach,trainer}=cohort;
  const statuscolor=status === 'Ongoing' ? 'green' : 'blue';
  return(
     <div className={styles.box}>
       <h3 style={{ color: statuscolor}}>{name}</h3>
       <dl>
          <dt>Started On</dt>
          <dd>{startedOn}</dd>
          <dt>Current Status</dt>
          <dd>{status}</dd>
          <dt>Coach</dt>
          <dd>{coach}</dd>
          <dt>Trainer</dt>
          <dd>{trainer}</dd>
       </dl>
     </div>
  );
}
export default CohortDetails;
App.js
import React from 'react';
import CohortDetails from './CohortDetails';
const cohortData = [
 {
  name: 'INTADMDF10 - .NET FSD',
  startedOn: '22-Feb-2022',
  status: 'Scheduled',
  coach: 'Aathma',
  trainer: 'Jojo Jose',
 },
```

```
{
  name: 'ADM21JF014 - Java FSD',
  startedOn: '10-Sep-2021',
  status: 'Ongoing',
  coach: 'Apoorv',
  trainer: 'Elisa Smith',
 },
 {
  name: 'CDBJF21025 - Java FSD',
  startedOn: '24-Dec-2021',
  status: 'Ongoing',
  coach: 'Aathma',
  trainer: 'John Doe',
 },
];
function App(){
 return(
  <div>
   <h2>Cohorts Details</h2>
     cohortData.map((cohort, index) =>(
      <CohortDetails key={index} cohort={cohort} />
    ))
   }
  </div>
 );
}
export default App;
```

8.Final result
